Supplementary Information

The SISTERS OF MARY is a religious congregation of women under the leadership of its Superior General, Sr. Maria Cho. It is a congregation recognized by the Congregation of Religious Institutes in Rome on March 2, 2000 as a Religious Institute of Pontifical Right.

Founder: Venerable Aloysius Philip Schwartz (1930-1992)

Founded on:	August 15, 1964
Officially decreed as a Diocesan Religious Congregation on:	March 2, 1993
Declared as Religious Institute of Pontifical Right on:	March 2, 2000
Countries wherein charity programs for the poorest of the poor are operated and maintained:	Korea, the Philippines, Mexico, Guatemala Brazil and Honduras
Overall Chairperson of the Board of all charity programs:	Sr. Maria Cho
Headquarters:	Sisters of Mary of Banneux, Inc. Biga, Silang,Philippines

Purposes of the Sisters of Mary of Banneux, Inc.

- (a) To establish, operate and maintain a child welfare program for the care and education of underprivileged children, especially orphaned and abandoned children and street children, and to provide a free medical service program for the poorest of the poor;
- (b) To set-up, supervise and maintain a shelter for the destitute and the homeless, the care and rehabilitation of mendicants and the mentally or physically handicapped and shelter for unwed mothers;
- (c) To establish, provide and maintain a medical service program that will extend health and medical services to the above beneficiaries; and
- (d) To devise and maintain other programs to assist and serve the poorest of the poor.

Article 2 of the Constitutions of the Sisters of Mary defines their purpose as following Christ more fervently in prayer and more closely proclaiming the Kingdom of God particularly in doing good to people, concretely in terms of educational/vocational welfare of the underprivileged children or youth, medical care to the sick and the dying, shelter service to the homeless and the helpless.

THE SISTERS OF MARY, INC. Korea

Profile

Year of Incorporation Places of operations Board of Directors 1 9 6 8 Busan and Seoul, South Korea Religious Sisters

The Sisters of Mary operates and maintains charity programs for child and adult welfare and medical care in Korea.

BUSAN and SEOUL, Korea

The Sisters of Mary operates and maintains charity programs for education, medical care, child and adult welfare in Korea. Expenditures for these programs include operating expenses, administrative expenses and other expenses.

The Maria Village in Busan had a complete bedroom and dining room makeovers. Rest rooms and wash rooms were added to the Boystown. Computers, spinning machines, and a van were purchased. The sports complex in Busan underwent remodeling this year.

To accommodate the new child counseling therapy center, a building was remodeled in Seoul. A new Aloysius family center is also under construction in Seoul. On June 30, 2017, after 35 years of dedicated service to the poor, the Doty Hospital closed. It is now utilized only for medical and dental services of the children under the care of the Sisters of Mary charity programs. The government has provided excellent medical services to all citizens so that patients from outside opted to go to public hospitals.

CHILD WELFARE AND SCHOOL PROGRAMS

BOYSTOWN AND GIRLSTOWN Busan (1964), Seoul (1975)

The Boystown, Girlstown, and Technical School in Busan and Seoul continue to provide shelter, education for kindergarten and high school to abandoned or orphaned children, residential care for babies and temporary care for toddlers.

MEDICAL PROGRAMS

ALOYSIUS HOSPITAL Busan (1970), DOTY HOSPITAL Seoul (1982-JUNE 30, 2017)

These hospitals provide medical and nursing services for migrant workers and the poor who cannot obtain healthcare benefits.

Doty Hospital, Seoul Beneficiaries – 100 average out patients/ 19 average
daily admissions23 staff7 doctors, 26 nurses6nuns

Aloysius Hospital, Busan	Beneficiaries -168	3 average daily out-patients / 12
average daily admissions		
20 staff	3 doctors, 19 nurs	ses 6 nuns

The Sisters of Mary, through the George Doty Memorial Hospital, provided free medical and nursing services until May 2017 to displaced migrant workers and their children, married immigrant women and their children, refugees and other vulnerable members of society. The Aloysius Hospital in Busan continues to accept these patients.

In 2017, a total of 2,107 outpatient foreign nationals were treated. There were 314 foreign nationals who were admitted under surgical, medical, pediatric, gynecological and orthopedic cases.

Most of the foreign nationals came from Africa, Thailand, Mongolia and the Philippines. Several government hospitals within Seoul will now provide the medical care for these people.

SISTERS OF MARY OF BANNEUX, INC. Philippines

Profile

Brothers of Christ Brgy Biclatan, General Trias, Cavite

The Sisters of Mary operates and maintains charity programs for child and adult welfare and medical care in the Philippines.

CAVITE and CEBU, Philippines

The charity programs in the Philippines continue to provide temporary shelter and junior and senior high school with specialization in different vocation trainings to boys and girls from the poorest of the poor families aged between 12-18 years old. Out-patient medical care for the poor and the students is provided by the infirmaries. The Sisters of Mary with the Brothers of Christ provide residential care and permanent shelter in Amadeo, Cavite to homeless mentally-challenged men. Out-of-school youth undergo classes in General Trias to prepare them for an acceleration examination to be eligible for a high-school diploma. Technical courses are integrated in these classes to further qualify the graduates for jobs. Expenditures include operating expenses, administrative expenses and other expenses.

Six grade levels were accommodated by each school this year. The senior high school program included applied track subjects in academic, technical-vocation-livelihood, sports and arts and design.

The major purchases of Cavite campuses included CAD plotter, Groen braising pan and spare parts for laundry and kitchen equipment. In Cebu campuses, a bus, panel boards for the genset, tilting kettle and engines were purchased.

Various repairs were made in all campuses. Windows in Cavite and Cebu campuses were replaced with new mechanisms. Downspouts, classroom walls and handrails were repaired in the Cavite campuses. Swimming pool repairs were completed in Talisay. The roof of the gym was erected and the water tank was waterproofed in the Cebu campuses.

The old library in Adlas was upgraded to become a learning resource center. Structural investigation of the 7-storey buildings in Biga was completed in 2017. The recommendations are being reviewed. Electro-mechanical equipment controls and instrumentalities were installed in Minglanilla campus. A sewage treatment plant in Minglanilla was also completed.

Child & Adult Welfare Programs

BOYSTOWN & GIRLSTOWN Biga (1985), Talisay (1990), Adlas (1991), Minglanilla (1995)

IRMAS DE MARIA DE BANNEUX Brazil

Profile

Year of Incorporation	2001
Places of Operation	Brasilia and São Paulo
Board of Directors	Religious sisters

The Sisters of Mary operates and maintains charity program for child welfare and medical care in Brazil.

Brasilia and São Paulo, Brazil

The Girlstown in Brasilia continues to provide elementary and high-school education to girls coming from poor families. The day care centers in Brasilia and São Paulo provide temporary care to children of parents and guardians who are at work during the day. Older children in the day care center and from the neighboring poor families attend kindergarten and elementary classes. Out-patients from poor families are provided medical consultation services and medicines. Expenditures include operating, administrative and other expenses.

A grandstand in Brasilia is being constructed. The medical clinic in São Paulo was renovated into a multimedia room for the use of the students. Patients from outside now go to the nearby government hospital that was built to serve the community. All fluorescent lamps in the building of São Paulo were replaced with LED lamps.

Beneficiaries of the Sisters of Mary Charity Programs

Through the generosity of the people in many places of the world, children and adults are educated, fed, housed, clothed, rehabilitated or healed through the charity programs of the Sisters of Mary. All funds received by the Sisters of Mary are being or will be utilized to promote these services. The service and dedication of the Sisters of Mary make these charity programs continue to benefit only the poorest of the poor and alleviate their sufferings.
