2021

Supplementary Information

The Sisters of Mary is a religious congregation of women under the leadership of its Superior General, Sr. Maria Cho. It is a congregation recognized by the Congregation of Religious Institutes in Rome on March 2, 2000 as a Religious Institute of Pontifical Right.

Founder: Venerable Aloysius Philip Schwartz (1930-1992)

Founded on: August 15, 1964

**Officially decreed
as a Diocesan Religious
Congregation on:** March 2, 1993

**Declared as Religious Institute
of Pontifical Right on:** March 2, 2000

**Countries wherein charity programs
for the poorest of the poor are operated
and maintained:** Korea, the Philippines,
Mexico, Guatemala
Brazil, Honduras and
Tanzania

**Overall Chairperson of the Board
of all charity programs:** Sr. Maria Cho

Headquarters: Sisters of Mary of
Banneux, Inc.
Biga, Silang, Philippines

Purposes of the
Sisters of Mary of Banneux, Inc.

- (a) To establish, operate and maintain a child welfare program for the care and education of underprivileged children, especially orphaned and abandoned children and street children, and to provide a free medical service program for the poorest of the poor;
- (b) To set-up, supervise and maintain a shelter for the destitute and the homeless, the care and rehabilitation of mendicants and the mentally or physically handicapped and shelter for unwed mothers;
- (c) To establish, provide and maintain a medical service program that will extend health and medical services to the above beneficiaries; and
- (d) To devise and maintain other programs to assist and serve the poorest of the poor.

Article 2 of the Constitutions of The Sisters of Mary defines their purpose as following Christ more fervently in prayer and more closely proclaiming the Kingdom of God particularly in doing good to people, concretely in terms of educational/vocational welfare of the underprivileged children or youth, medical care to the sick and the dying, shelter service to the homeless and the helpless.

Places of operations

Biga & Adlas, Silang, Cavite;
Talisay & Minglanilla, Cebu

The Sisters of Mary operates and maintains charity programs for child and adult welfare and medical care in the Philippines.

CAVITE and CEBU, Philippines

The charity programs in the Philippines continue to provide temporary shelter and junior and senior high school with specializations in different vocation trainings to boys and girls from the poorest of the poor families aged between 12-18 years old. Out-patient medical care for the poor and the students is provided by the infirmaries. The Sisters of Mary with the Brothers of Christ provide residential care and permanent shelter in Amadeo, Cavite to homeless mentally-challenged men. Male out-of-school youth undergo classes in General Trias to prepare them for an acceleration examination to be eligible for a high-school diploma. Technical courses are integrated in these classes to further qualify the graduates for jobs. Expenditures include operating expenses, administrative expenses and other expenses.

In Biga, internet connection was upgraded for faster connectivity during online learning. A Vulcan kettle and Groen braising pan along with spare parts for kitchen and laundry equipment were purchased as part of preventive maintenance procedures. The fire pumps, deepwell and sound systems were rehabilitated and smoke detectors were installed. Exits at Ray Grace building were reinforced with new steel doors. To keep away men who climbed a portion of the perimeter wall, barbed wires were set up. Construction of a warehouse was started this year.

90 units of computers for the technical drafting and mechatronics classes were purchased in Adlas this year. Also, 60 units of laptops for research and project presentation were purchased. The upgrading of the speech laboratory, repair of windows and renovation of carpentry building into a basic industrial technology workshop were initiated this year.

Purchase of 150 sewing machines, 30 units of desktop computers and 40 units of laptops were made in Talisay. The library was renovated along with the purchase of cabinets for books. An audio-visual room was completed. The cookery workshop was renovated this year.

The perimeter fence in Minglanilla was reinforced and fully repaired this year. A new fire detection alarm system was installed in the buildings. Training equipment and materials for mechatronics subjects were purchased this year. 5 units of Smart TV and additional reference books were purchased this year as well.

This year, new children from all over the country were able to enroll in the schools for the grade 7 levels. Children who left for their homes during vacations needed to be tested for covid. All schools took up the cost of the test kits. Hematology and chemistry analyzer machines were purchased this year as well. The board for the computer of the xray machine was replaced. These additional costs caused a big increase in medical program costs.

CHALCO AND GUADALAJARA, Mexico

The Boystown in Guadalajara and Girlstown in Chalco continue to provide temporary shelter, technical, middle-school and high school education to children from the poorest of the poor families whose ages range from 12-18 years of age. Toddlers from poor families are looked after at the day care center. Older children in the day care center attend kindergarten classes. Expenditures include operating expenses, administrative expenses and other expenses.

The drilling of a new well and the construction of stairs leading to the clinic at building 5 in Chalco were completed during the year. Solar lights were installed on lamp posts. The floor in the gym underwent polishing and varnishing. An industrial bread dough mixer and 3500 blankets were purchased. A washing and drying area was provided in buildings 3 and 4. The structure of the elevator was constructed this year.

45 computers, a bus and a car were purchased this year. The construction and furnishing of the high-school building that can accommodate about 500 more children in Guadalajara was completed during the year. The building was inaugurated on December 1. Most of the payments for the high-school building was made in 2020 that will account for the higher program cost of Guadalajara in 2020 compared to this year.

Child & Adult Welfare Programs

BOYSTOWN & GIRLSTOWN Chalco (1990), Guadalajara (1998)

Place of Operation

Kisarawe District

**The Sisters of Mary
Kisarawe District,
Dar-es-Salaam, Tanzania**

The Sisters of Mary operates a charity program for child and adult welfare in Tanzania.

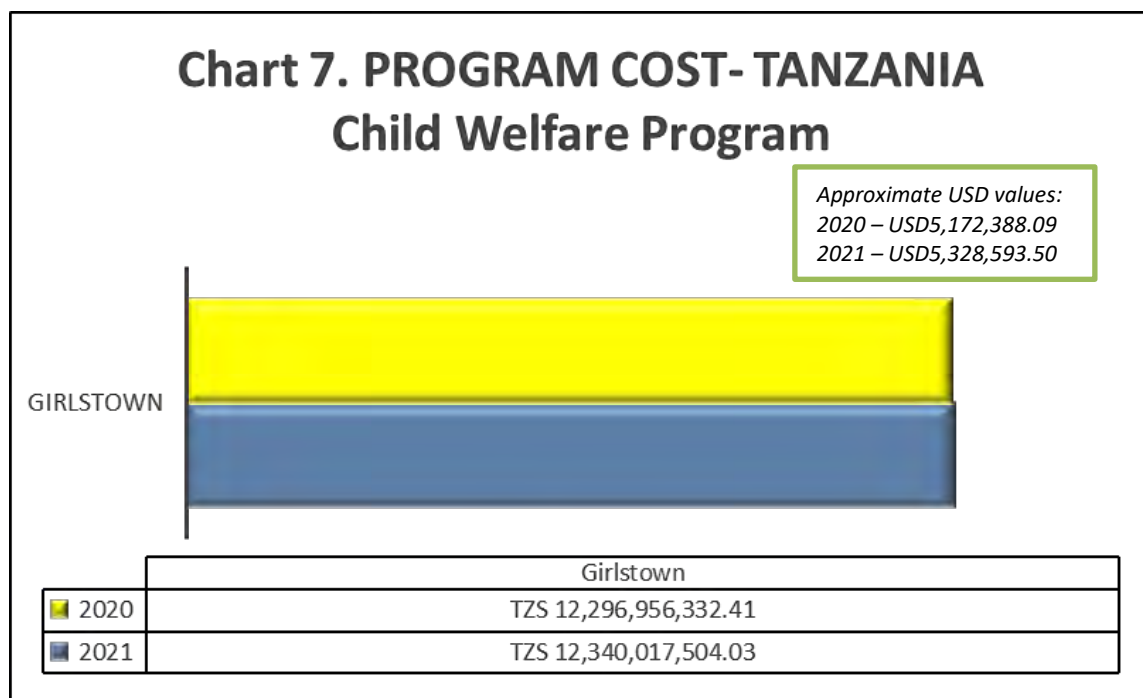

Makurunge, Kisarawe-Pwani, Tanzania

The Sisters of Mary School in Kisarawe, Pwani Region, Tanzania offers a full curriculum of academic subjects towards achieving the Ordinary and Advanced level qualifications including subjects in Math, Physics, Chemistry, Biology, Geography, History, Civics, Kiswahili, English, Commerce, Bookkeeping to girls 12-15 years of age. These girls come from different regions of the country.

Tanzania expanded its capacity to accommodate more children with the completion of the construction of a 7-storey school building this year. It was inaugurated on December 12, 2021. Sports courts, a swimming pool and a gym were also constructed and completed. The classrooms in the new building were fully furnished with new blackboards, arm chairs and shelves. Bunk beds were purchased for the incoming girls. A submersible pump motor, water booster pump, industrial washing machine, water filtration machine, minibus and van were purchased as well. The drainage ditch along with an ablution block were also constructed and completed this year.

Construction of a day care and out-of-school youth training center started this year in Kiluvya, Kwa Komba, Ubungo. Completion of the construction of the center is expected in January 2022.

Child Welfare Programs

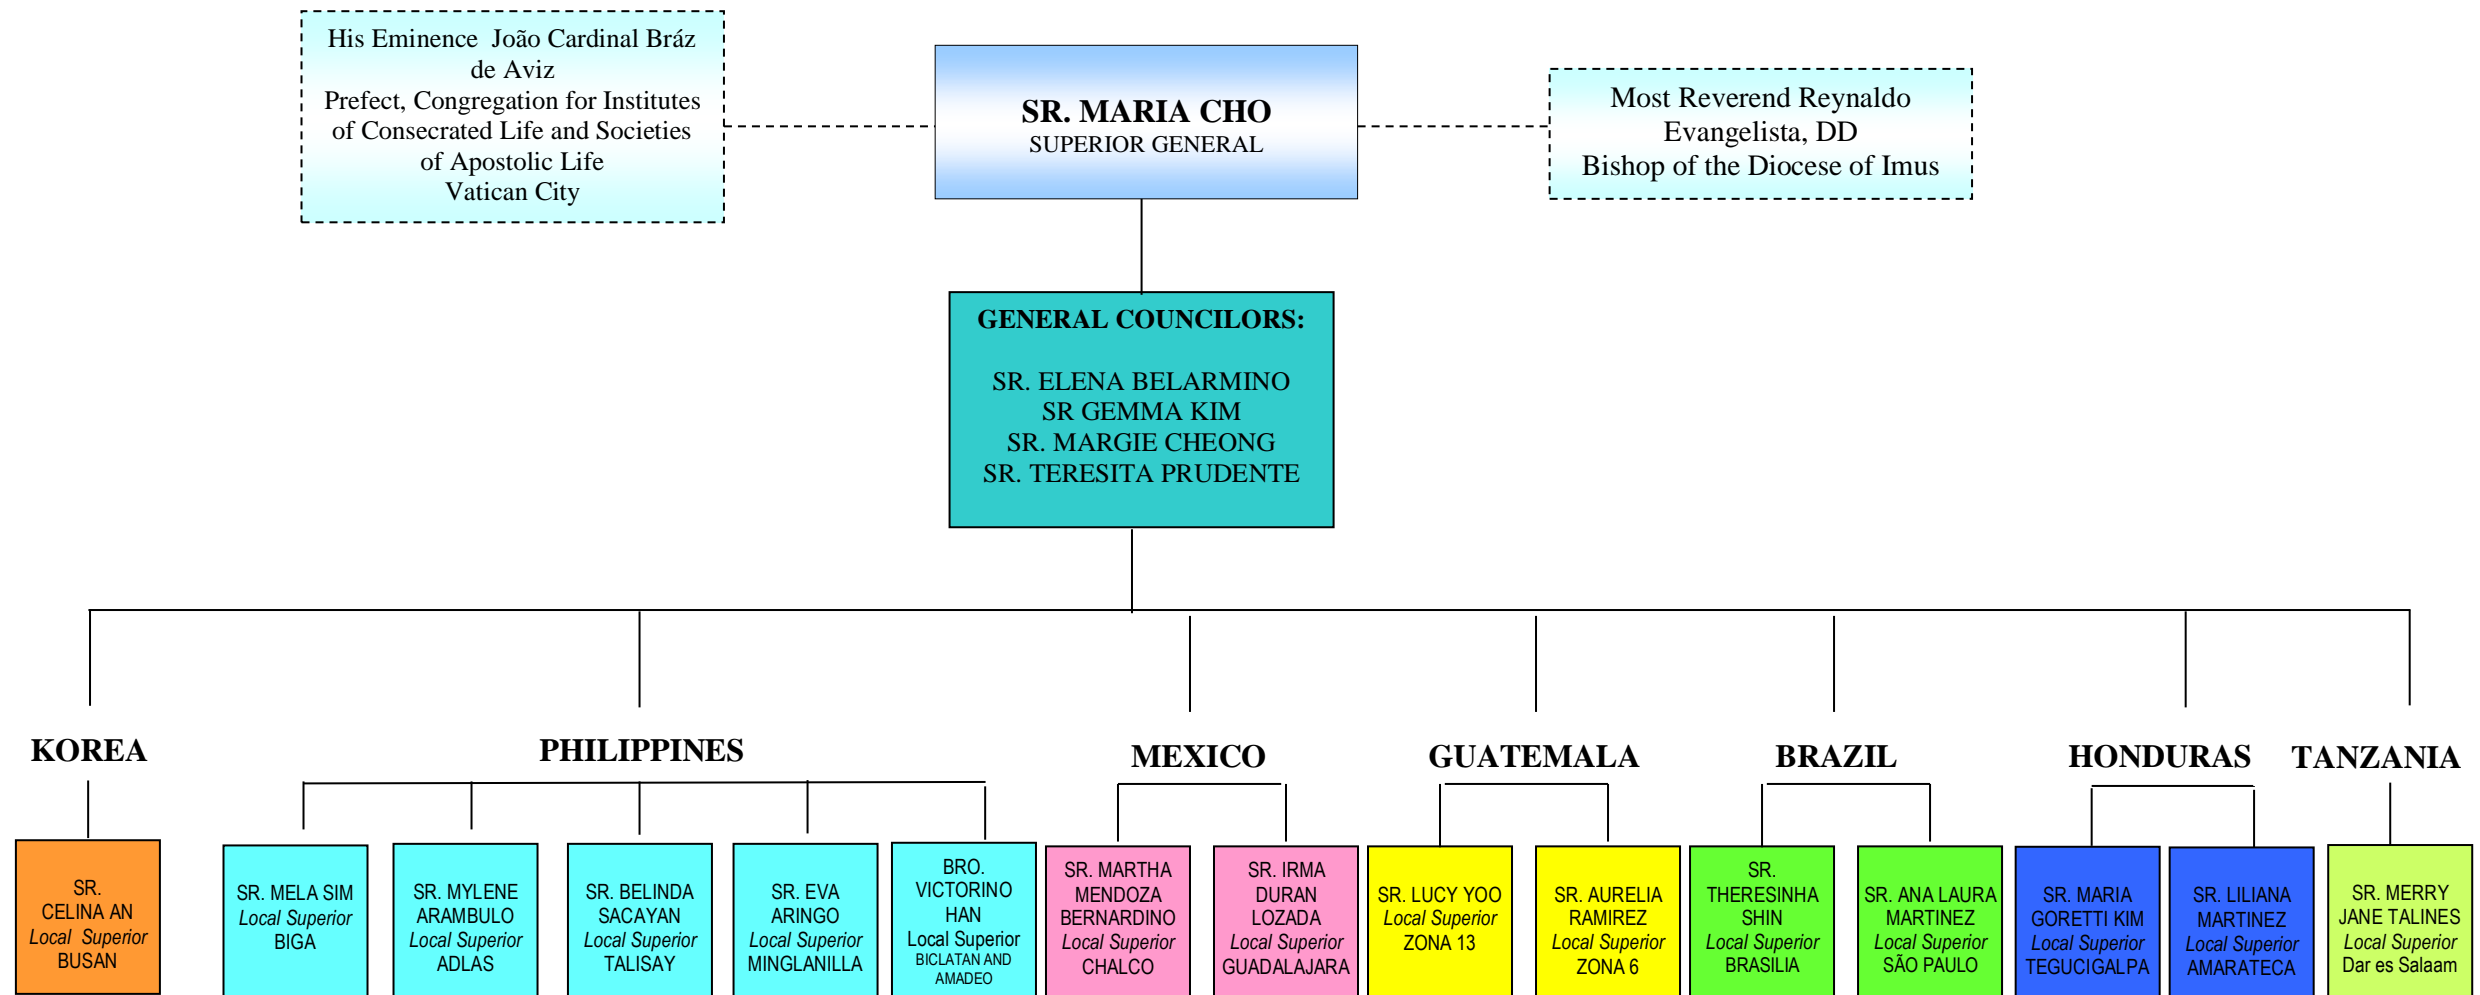

GIRLSTOWN (2019)

The Girlstown is a residential school providing a full curriculum of subjects including English, Swahili, geography, history, biology, chemistry, physics, civics, agriculture and PE. Also, a training center at the compound in a nearby land provides young women vocational training in tailoring.
